WOODBURY, Minn. – Midnight Ink announces the upcoming release of *Karma's a Killer* by Tracy Weber. *Karma's a Killer* will be available in print (ISBN: 978-0-7387-4210-6, Trade Paper, 288 pages, \$14.99) and eBook (PRICE?) editions on January 8, 2016.

The latest mystery by award-winning novelist Tracy Weber, *Karma's a Killer* is a fun, fresh, feisty new mystery featuring Seattle yoga teacher Kate Davidson and her trusty canine companion Bella.

About *Karma's a Killer*: Yoga instructor Kate Davidson is about to discover that when it comes to murder, there's no place like *om*. When she agrees to teach doga—yoga for dogs—at a fundraiser for Dogma, a local animal rescue, Kate believes the only real damage will be to her reputation. But when an animal rights protest at the event leads to a suspicious fire and a drowning, a few downward-facing dogs will be the least of Kate's problems...

The police arrest Dharma, a woman claiming to be Kate's estranged mother, and charge her with murder. To prove Dharma's innocence, Kate, her boyfriend Michael, and her German shepherd sidekick Bella dive deeply into the worlds of animal activism, organizational politics, and the dangerous obsessions that drive them.

And if solving a murder weren't complicated enough, Kate will also have to decide whether or not to reconcile with the estranged mother who abandoned her over thirty years ago. Not to mention having to contend with an almost-bankrupt animal rescue, a cantankerous crow, an unwanted pigeon houseguest, and a rabbit in a doga class. What could *possibly* go wrong?

A taut tale with more twists and turns than a vinyasa yoga class, *Karma's a Killer* brims with suspense, wit and whimsy. With a to-die-for plot, sensational storyline, and charming characters—of both the two- and four-legged varieties—*Karma's a Killer* is a clever, colorful, and utterly captivating cozy mystery.

Karma's a Killer is outstanding new installment in Tracy Weber's award-winning Downward Dog mystery series, a series that has earned high praise from reviewers and readers alike: "entertaining" – *Library Journal*; "fans will eagerly await the next installment" – *Publishers Weekly*.
